## PERSONAL SUMMERY

---

Full Stack Software Developer with hands-on experience in building real-world applications using the MERN stack. Proficient in developing responsive, user-friendly web solutions and passionate about solving complex problems. Seeking to contribute my skills to dynamic development teams.

## EDUCATION

---

Gomycode

Full Stack Software Development. (Diploma).

2024

## WORK EXPERIENCE

---

### GoMyCode

August 2024 – Present

(Full Stack Software Developer)

- Built a comprehensive school management system using MERN stack, integrating features like student management, attendance tracking, and academic reporting.
- Contributed to the development of an e-commerce website, enhancing UI/UX with responsive designs and optimizing performance for better user engagement.
- Collaborated with cross-functional teams to design, implement, and optimize scalable web applications
- Troubleshoot and resolved complex technical issues, ensuring system reliability, data integrity, and seamless user experience.

### Expert Consultation in Telecommunications

2023 - 2024

- With a deep understanding of telecommunication systems, I specialize in diagnosing, optimizing, and enhancing mobile network functionalities. My expertise ensures seamless connectivity, efficient infrastructure management, and innovative solutions tailored to modern communication challenges.
